

# TEMPEST

## NASA's Embedded Web Developer's Kit and Training Workshop

### Registration Form for August 5, 1999

At the workshop  
you'll receive:

#### Developer's Kit

- Tempest Source Code
- Complete System Architecture
- Follow-On Support with the NASA experts you meet
- Answers to In-Depth Technical Questions

#### Training

- Through lecture and hands-on lab exercises, you'll learn the framework for integrating your embedded application with Tempest and a Java™ GUI.

Name \_\_\_\_\_  
Title \_\_\_\_\_  
Company \_\_\_\_\_  
Address \_\_\_\_\_  
City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_  
Phone \_\_\_\_\_ Fax \_\_\_\_\_

Please answer the following and help us tailor the workshop to you:

What operating system do you use? \_\_\_\_\_

In which language is your application written? \_\_\_\_\_

In which language is the GUI written? \_\_\_\_\_

Please rate your familiarity with:	Concept Familiar		Used Some		Expert In
Software design	1	2	3	4	5
C++	1	2	3	4	5
HTML	1	2	3	4	5
TCP/IP client-server software	1	2	3	4	5
Java	1	2	3	4	5
CORBA	1	2	3	4	5
Other object-oriented software	1	2	3	4	5
Driver-level software	1	2	3	4	5
Analog and discrete I/O	1	2	3	4	5

☐ **Payment on the way (\$2,000 first participant; \$500 each additional participant)**

☐ **Invoice me (payment must be received prior to the workshop)**

Our next workshop will be held:  
August 5, 1999 8:00 am to 5:00 pm  
Cleveland, Ohio
